Incurve keys are ideal for touch typists and the soft key stroke makes this a quiet keyboard. The full size touchpad gives you the familiar scroll and navigation gestures. With the left- and right-click buttons below the touchpad and the volume control buttons above, control is at your fingertips. For two-hand control, typically used by those who like to use their thumbs to navigate, a left mouse-click button is located on the upper left side of the keyboard—navigate with your right hand, select with your left. Step 1: Insert the Unifying receiver into a USB port on your computer. Step 2: Pull to remove the yellow battery tab. Note: Make sure that your keyboard switch is in the ON position. The ON/OFF switch is located at the top of the keyboard. Your keyboard is ready to use. Shortcut and function keys streamline navigation, media control and keyboard functions. Key Shortcut/Function Back Home Switch application Menu Search Show/Hide desktop Maximise window Switch screen Media Previous track Play/Pause Next track Mute Volume down Volume up Fn + ins: PC sleep Fn + backspace: Print screen Fn + caps lock: Scroll lock Fn + left arrow:Home Fn + right arrow:End Fn + up arrow:Page up Fn + down arrow:Page down F1-F12 keys: To activate F1, simply press on Fn+ back Touch tap Press the Fn key and the left mouse button to toggle between touch tap disable and enabled. You can also press the left mouse click button at the top-left of the keyboard to perform a click or comfortable two-handed navigation. You can also tap the touchpad surface to perform a click. Scrolling Scroll with two fingers, up or down. You can also press the Fn key and slide one finger anywhere on the touchpad simultaneously to scroll for comfortable two-handed navigation. Receiver storage When you are not using K400 Plus, store the Receiver in the battery compartment so that you never lose it. K400 Plus is a plug and play keyboard loaded with features right out of the box. If you like customization and loads of feature, then Logitech Options software was designed for you. Download and install Options software to do the following: Modify the speed of the cursor and adjust scrolling Review tutorial videos on gestures Create custom shortcut keys Disable and enable keys—Caps Lock, Insert, Windows Start, and more. Show Caps Lock notice and low-battery warning Many other features are available. Download Logitech Options Compatible Computers K400 Plus keyboard works with both desktop and laptop computers and is compatible with the following operating systems. Windows® 7 and later Chrome OS™ Android™ 5.0.2 and later Keyboard functionality, such as Hot Keys and Touchpad Gestures, may differ depending on the operating system. A quick check of your system settings will tell you if your device is compatible with K400 Plus. Logitech Unifying wireless technology K400 Plus is a plug and play keyboard designed for easy use and long life. However, if you encounter any issues or have questions about your product, Logitech is here to help. Start with a visit to our Customer Support page for full support. Customer Support 12K400Getting started withPremière utilisationLogitech® Wireless Touch Keyboard K400AAA1 2 3 4 56Point and scroll1. Point and slide one finger anywhere on the touchpad to move the screen pointer.2. Scroll with two fingers, up or down.Left and right click3. Press for left mouse click.\*4.
